

## Restriction on the use of certain hazardous substances according to EU Directive 2011/65/EU and 2015/863/EU

The materials we use comply with the current guidelines of the EU Directive 2011/65/EU as well as the extension 2015/863/EU of the European Parliament for restriction of the use of certain hazardous substances in electrical and electronic devices (RoHS Directive) and fulfil the legal regulations of placing substances on the market.

We confirm that all products supplied by KAISER, with reference to the aforementioned directives, comply with the requirements for the following percentages by mass and/or that no such substances are released during the assembly of our products:

Lead (0.1 %)  
Mercury (0.1 %)  
Cadmium (0.01 %)  
Hexavalent chromium (0.1 %)  
Polybrominated biphenyls (PBB) (0.1%)  
Polybrominated diphenyl ethers (PBDE) (0.1 %)  
Di(2-ethylhexyl) phthalate (DEHP) (0.1 %)  
BBP Benzyl butyl phthalate (BBP) (0.1%)  
Butyl benzyl phthalate (DBP) (0.01 %)  
Di-isobutyl phthalate (DIBP) (0.1 %)

Exceptions concern the following products:

- Radiation protection device junction box containing lead (Art. No. 9074-03). The lead contained is necessary to ensure the increased radiation protection against radiation used for medical purposes in lead-laminated walls in spite of fitted installations. However, with professional and expert processing in accordance to our specifications, the lead component is harmless to health, as no skin contact is possible.

- Lead as an alloy component in our brass cable glands and brass accessories.  
These products use exemption 6C to comply with the regulation.

Additions and findings are taken into account by us and periodically included in our assessment. For new developments, Kaiser / AGRO use materials and processes according to the current state of the art and take ongoing developments into account.

Exceptions are the AGRO product groups AgreeNO and the EVolution EMC. These are made of lead-free brass (lead content < 0.1%).

If you need further information, please let us know. We will be happy to help you.

With kind regards  
KAISER GmbH & Co. KG
